

Stephanie Ogura, grade five, Mary De France.. My three weeks in Japan.

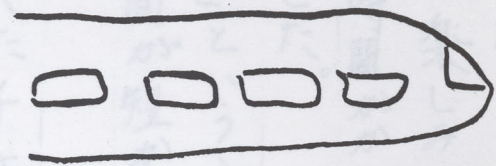

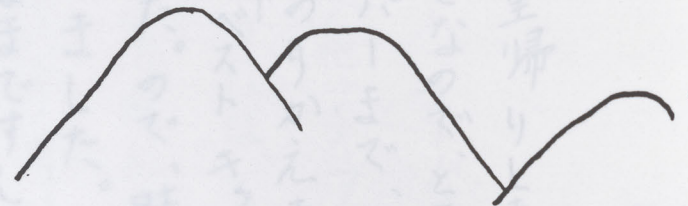

When we arrived at the Oita airport, my aunt and my mother's cousin drove us to our hotel. We stayed at the New Otani Hotel, it was very beautiful. A few days later, my mother's cousin and his wife, took us to Disneyland. I liked Space Mountain the most, it was high-speed, turbulent roller coaster. I enjoyed the other rides very much too. We arrived at the hotel late at night. We went on the bullet train or "shinkansen" to go to Okayama. There, we visited my uncle's house, and I met my grandfather for the first time plus my other relatives. Then we went to Osaka where I visited my uncle and cousins. We went to Kyoto with them, where we saw many temples.

We went to many other places in Japan.

The part I liked the most about my trip was when we had to leave
