1921.

Colonel W. E. Haskell,
International Paper Company,
30 Broad Street,
New York.

My dear Colonel:-

You will, I hope, forgive me for not acknowledging before this your letter of March 31st, but I had to wait a few days before the book arrived and then some further time elapsed before I was able to read the book.

Let me first thank you for thinking of me as one who would be interested in receiving such a publication, and then I want to congratulate you most warmly on its quality and upon the exceedingly interesting and instructive nature of its contents. To me it is brimful of the most enlightening information, and the veriest novice could not help but admire the cuts and prints. I have never seen anything so fine.

With all good wishes and many thanks, I am,

Ever yours faithfully,

W. E. HASKELL
VICE-PRESIDENT

International Paper Company

30 Broad Street

New York

March 31, 1921.

General Sir Arthur Currie,
President, McGill University,
Montreal, P.Q. Canada.

My dear Sir Arthur:

I have taken great pleasure in enclosing, under separate cover to your personal address, a somewhat pretentious and exhaustive volume on the subject of newsprint, written by me and published by this Company. I think you will be interested in looking over this volume, and I should be particularly pleased for any comment you may see fit to make upon the character of the contents or of the publication itself.

Yours very truly,

W. E. Haskell

Vice-President.

Professor H.E.T. Haultain,
Department of Mining Engineering,
University of Toronto,
Toronto, Ont.

My dear Haultain:-

I thank you very much for your
courtesy in sending me the Annual Report of the
Hamilton Health Association.

I have read with interest and
appreciation the marked paragraphs.

With all good wishes, I am,

Yours faithfully,

University of Toronto

Sir Arthur Currie,
McGill University,
M O N T R E A L, Que.

My dear Sir Arthur:-

Apropos of the "Girls in Green" I am taking the liberty of sending to you an Annual Report of the Hamilton Health Association. On pages 58 and 59 I have marked two paragraphs which I would appreciate as a personal favour if you would read.

Yours sincerely,

H. E. Haultain

HETH/DB.

LAFAYETTE COLLEGE

OFFICE OF THE DEAN
EASTON, PENNSYLVANIA

January 23, 1933.

Sir Arthur Currie, K.C.B., President
McGill University,
Montreal, Canada

My dear President Currie:

Mr. A.W.J. Flack, Secretary of the Canadian Club of New York, has told me of your interest in my study, "Some Educational Factors Affecting the Relations between Canada and the United States". Under separate cover I have sent you four copies, two for yourself and two for Major Bovey.

You may not remember me, but at the time you visited in Honolulu I was the President of Punahou School.

With best wishes,

Sincerely yours,

AAH:EEK

Arthur A. Hauke

January 26th, 1933.

Arthur A. Hauck, Esq.
Dean, Lafayette College,
Easton, Pennsylvania.

Dear Mr. Hawke,

I am very glad indeed to learn that you are sending to me four copies of your study, "Some Educational Factors Affecting the Relations between Canada and the United States". I shall look forward to reading this with much interest.

I remember very well indeed meeting you in Honolulu in 1927. You will be interested in knowing that out of that meeting there developed in Canada an organization known as the Canadian Institute of International Affairs. In Montreal we have a particularly active group, which meets once a fortnight, while the Institute's headquarters is in Toronto, where the Honourable Vincent Massey has helped greatly in the expense of its upkeep.

Some time, I hope, I may have the pleasure of meeting you again.

Yours faithfully,

Principal

RECEIVED - OCT 26 1936

Habana,
October 21 1936.

Mr. President of the Mc Gill University,
Montreal, Canada.

Sir:

I am glad to advise you that at the First International Congress of Universities, held in the city of Habana in the year 1930, to which your University was specially invited, the following resolution was adopted:

1. It is created the International Office of University Information, for the purpose of centralizing therein all the data concerning the existence and operating of the Universities, and of furnishing the same on application.

2. The International Office of University Information have it permanent see in this city, and shall operate under the direction and supervision of the University of Habana.

3. The Universities represented in this Congress undertake to forward to the International Office of University Information all publications giving their history, regulations, programs and teaching staff, and to issue, in connection therewith, such reports as may be applied for by said office.

It had not been possible to comply with said resolution until now, on account of the abnormal situation through which this University has passed in the last few years. But now that a new era begins for this University, we will see to it that the resolution is put into effect.

It is unnecessary to stress the importance of this resolution, which undoubtedly will tend to improve all relations of friendship and cooperation among all Universities. For this reason, at the beginning of our work, we are respectfully requesting that all Universities of the world will kindly adhere to the above mentioned resolution.

Inclosed please find a circular indicating the data we will need for our work, which we trust you will send to us as soon as possible.

Respectfully yours,

Salvador Vilaseca

University Informations.

CIRCULAR # 1

INTERNATIONAL OFFICE OF
UNIVERSITY INFORMATION.TO:
MC GILL UNIVERSITY,
MONTREAL, CANADA.

For the purposes for which this Office was created, by resolution of the First International Congress of Universities held in this city in the year 1930, we request that you kindly send to this University the following data concerning your Institution.

1. By-laws, regulations, etc. History of the University.
2. Requirements for admission; internal organization, etc.
3. Plan of studies for each career or course. Program for each subject. Special courses.
4. Proposes reforms to education. Projects of autonomy.
5. Cultural work performed without the university by the Institution. Means for performing this work. Methods. Results.
6. University publications. Their nature. Exchange of same.
7. Propaganda material of the University.
8. Staff of professors. Biographical data concerning each one. Lists of their publications.
9. Statistics concerning alumni.
10. Administrative organization of the University. Personnel employed.
11. Departments attached to the University. Scientific institutions. Laboratories.
12. Students' organizations, nature of same; their regulations; press and publicity or propaganda.
13. Sport events. Literary and scientific contests. Physical education. Importance given to this phase of university life.
14. Relations between graduates and the University. Their organizations, etc.
15. Any other information which in the opinion of your University may be of interest to this department.

We shall appreciate receiving the most complete information that is possible for you to send, for the better development of our activities.

Very truly yours,

Salvador Vilaseca

THE UNIVERSITY OF HAWAII

HONOLULU, HAWAII

OFFICE OF THE PRESIDENT

January 7, 1928.

CABLE ADDRESS "COLWAI"
BENTLEY'S CODE

Sir Arthur Currie,
3450 MacTavish Street,
Montreal, Canada.

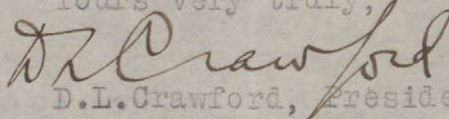

Dear Sir:

Please accept this expression of my warmest appreciation for your card of greetings so kindly sent to me.

I have had it in mind to write to you sometime for assistance in helping me carry out a plan which I have in prospect for the addition of a British member to our Department of History and Political Science. We shall not be able to make this addition in the immediate future, but I hope that this may come within a year or so. We ought to have a man competent to present from a British point of view the history, economic and social development and politics of the Pacific Colonies of Great Britain. Perhaps at your convenience sometime you might be able to advise me in this matter.

With kindest regards and best wishes for the New Year, I am

Yours very truly,

D.L. Crawford, President.
