Dear Sirs:-

I have just received the  
enclosed account for 1 copy of "Anglican  
Episcopate of Canada and Newfoundland" - \$4.18.

I have no recollection of  
ordering this book and have not received it.  
Will you please tell me under what circumstances  
you received my order.

Yours faithfully,

Dear Sirs:-

In Sir Arthur Currie's absence I beg to acknowledge receipt of account addressed to him for \$4.18 - 1 Copy Anglican Episcopate of Canada and Newfoundland.

On April 12th Sir Arthur wrote you a letter in connection with this account, a copy of which I am enclosing, but so far no reply or explanation has been received from your office. So far as I know the book has never been received here and I would be very glad if you would help me to have the matter cleared up.

Yours faithfully,

Secretary to the Principal.

Dear Arthur

We are all delighted to hear that you are soon to visit our town and

deliver a public address

I just had a telephone message from Mrs. Suptwell in which she stated that you would be in New York from Fri. eve. morning until Sunday evening. I know your time will be pretty well taken up especially

afternoons & evenings. I would like to take an hour or so of your time either Friday or Saturday morning at the Pitz Clinic Hospital - 345 W 50th St. We have recently reorganized the institution and now have it in fairly good condition. It was

suggested in the hands of the government. I held my clinic on Friday morning from 8:30-10 and would prefer to have you at that time if convenient. However any other time will do. Strickson will be fairly well represented at the dinner Saturday evening.

With very kindest regards to your family I remain

Sincerely yours

T. H. Morgan

P.S. If you will kindly let me know when is convenient you I will have our Dean, President of Faculty & other members meet you. T.H.M.

New York, N.Y.

My dear Tom:-

Thanks for your letter of January  
8th.

I am looking forward to my visit  
to New York. One of the things which I anticipate with  
most pleasure is seeing you again. I believe we are to  
have lunch together on Sunday at the Shotwell's.

Please do not make any arrangements  
for my visit to your Clinic. I wouldn't like to put  
the Dean and the other members of the Faculty to the  
bother of meeting me. All I want is to see you again  
and have some opportunity of a chat unhampered by the  
presence of anyone who would be indifferent to the  
personal character of our conversation.

With all good wishes, I am,

Yours faithfully,

will be able to spare  
me a few moments  
for a short talk with  
you -

Dear Sir Arthur Currie,

I would like to thank you,  
most sincerely, for the letters  
of introduction you so kindly  
had sent to my Hotel today.

I had intended to 'phone  
my thanks to you, but a  
veritable deluge of things  
'to be done' overwhelmed  
me, & I decided it wd. be  
better to write to you!

When I return to

May 6th, 1930.

This letter will introduce to you  
Major L.A.M. Jones of London, England.

Major Jones is the Editor-in-Chief  
of the Special Canadian Supplement being prepared by  
THE MORNING POST, which is, as you know, one of the  
most important papers in England. The publication  
of such a Supplement at this time might well have a  
very beneficial effect on Empire trade, and Major  
Jones is anxious to obtain all possible information  
and to make such connections as will ensure success.

I should much appreciate anything  
that you can do for him.

Honourable Mr. Justice Embury,

My dear Sir Arthur :

re Major L.A.M. Jones, London, England.  
Editor-in-Chief Special Canadian  
Supplement "The Morning Post".

Your letter of the 6th instant has  
been presented by the above and I assure you it will  
be a pleasure to assist Major Jones in any way in my  
power.

It seems to me that considerable time  
has elapsed since you have been in Western Canada  
and I hope that possibly you may have something in  
view in this connection between now and next autumn.

With kind personal regards.

Yours faithfully,

Dear Sir Arthur,

My thanks for your letter of the 6th introducing Major Jones. I attended a luncheon given by Mr Spears of the Bank of Montreal for Major Jones and enjoyed meeting him and having a chat with him. He did not then mention that he had a letter of introduction to me and I only received it two or three days later after my return from a short trip out of town. By that time Major Jones had left. I will, however, keep a lookout for him should he return this way and will give him any co-operation or assistance I can.

Montreal, October 19th,/23.

Sir Arthur Currie,  
Principal, McGill University,  
Montreal.

Dear Sir:-

While passing the McGill Tennis Courts last week I was attracted by an unusually large crowd, and being interested in tennis I went in to see what was in progress. I learned that it was the finals for the Martin Cup, and having had the pleasure of seeing Mr. Crocker play on a previous occasion I stayed to watch the match. I was very soon even more interested in the loser than the winner and made further enquiries concerning him.

Not wishing to detract one whit from the winner of this match who certainly displayed his usual form and thoroughly deserved his triumph, I wish to state that never before have I seen greater sportsmanship than that shown by Mr. D.R.Morrice, who, like a true Britisher, "does not know when he is beaten" - nor is he beaten until the last point is scored. So impressed was I with his game fight that I made further enquiries about him and learn that this is his final year at college. I am therefore taking the liberty of asking you if you will please have the accompanying token presented to Mr. Morrice, not as consolation prize, but as concrete evidence of the sincere admiration of a mere passer by.

From what I know of Mr. Crocker, he will be the last one to misunderstand or resent this recognition of his most worthy opponent's sportsmanship, which it is my pleasure to commemorate permanently.

I would like his fellow students to know how much Mr. Morrice has done to promote a feeling of

- 2 -

admiration for the spirit of "Old McGill" which makes that University so very much "all right". It remains for you, however, to decide how and when to make this presentation.

Thanking you in advance for your co-operation and trusting that I have not taken up too much of your time, I beg to remain for obvious reasons, just -

The Trustees,  
Morrin College,

Dear Sirs:-

AS no doubt you are aware McGill University has inaugurated courses of lectures in English and Psychology in Quebec and Sherbrooke for the benefit of the Protestant Teachers in these two centres. Should we charge a fee of \$10.00 for each teacher attending one of these courses we would not be able to meet the expenses of putting them on. We feel, however, that these Teachers cannot afford to pay a larger fee.

It has occurred to me, however, that you, as Trustees of Morrin College, might feel willing to vote a sum of money to cover the expenses incidental to the putting on of these lectures and in that way make them available to the Teachers free of charge.

Similar lectures have been given in Montreal for the past two years and we are offering them in Quebec and Sherbrooke this year in response to a request from the Teachers in those places.

Dr. Cyrus Macmillan has already started his lectures in English in Quebec, and Dr. W.D.Tait has started his course in Psychology in Sherbrooke. I would like, therefore, to hear from you in regard to my proposal at your early convenience.

Yours faithfully,

Principal.

My dear Dr. Percival,

There came to see me yesterday a Mr. Morrison who is, I believe anxious to resume teaching in the Province of Quebec, and who has written to you about this. He probably has given you full information of what he has done since graduating from this University as Bachelor of Arts in 1913. I can only tell you a little more definitely the kind of man he is.

He gave up his post-graduate work at the University of Wisconsin to go to War, where he had a highly creditable service with the Canadian Artillery. He married a young woman from Victoria, B.C. whom I knew; she, unfortunately died about five or six years and I think I know the second Mrs. Morrison. His sister is the wife of my Professor Corbett, Dean of the Faculty of Law. The family is, all through, of the best type, and I think Mr. Morrison is just the kind of man who would make a first-class high school teacher.

Morrison has told me of the difficulty in his case:-  
although a high school teacher at one time in the Province,  
he cannot, apparently, resume unless he has further qualifi-  
cations, and these he is willing and anxious to acquire.  
You need have no doubt on that score. He would lose no  
time in getting the qualifications you insisted upon.

I think the future would give you abundant satisfac-  
tion for any consideration extended to him now.

With all good wishes,

I am,

Ever yours faithfully,

Principal

The Superintendent of Education,  
Quebec, P.Q.,

Dear Sir:-

No. 852/32

I wish to thank you for your letter of May 18th, advising me in the matter of my endeavour to resume teaching in the Province of Quebec.

I have discussed my case with members of the Protestant School Board of Lachine and with Prof. Clarke and others of McGill University, and, acting on their advice, I wish to submit the request that my case be referred to the Board of Examiners at their next meeting. In this connection please allow me to briefly outline again the reasons why I feel that I should be permitted to teach while completing the course of professional training now required as qualification for the high school diploma.

I was born and brought up in this province; had my early education at Ormstown Academy; matriculated from the Montreal High School, with an entrance scholarship to McGill; obtained my B.A. degree from McGill in 1913, having been awarded the McKenzie Scholarship in 1911.

In 1913 I was appointed assistant-principal at William Dawson School, Montreal, and after acting in this capacity for a month I was given a position on the staff of the Montreal High School where I completed the term of 1913-1914. I gave up this position in order to take postgraduate studies in the University of Wisconsin. These were interrupted by my enlistment in the C.E.F. early in 1915.

Upon my return from overseas in 1919, and during subsequent years, I found it impossible, owing to family ill health and other circumstances, to resume teaching, although I was again offered a position in the Montreal High School in 1921. Having lately returned to the province, and being now in a position to remain here, I am very anxious to resume work in that branch of our social and national life which I have always considered these the most important.

I fully realize the Department's position in view of the large supply of fully qualified teachers and the present opportunity to raise the standard of efficiency by reason of this over-supply. On the other hand I honestly feel that I am very well qualified, from the standpoint of academic training, teaching experience, character, and general business and industrial experience, to compete with others in the vocation of teaching, training and influencing our youth. If some years have lapsed since I was engaged as a fully qualified teacher in the province, I think that the circumstances which interrupted my academic work, entitle me to some consideration.

I should of course want to complete the full course of professional training at present required for the high school diploma, and I am advised by Prof. Clarke that I could undertake such studies while teaching in this district.

With regard to my general character and fitness for this work, I would again refer you to Dean Corbett, of the Faculty of Law at McGill, and to Mr. H.G.Hatcher, Superintendent of Protestant Schools in Lachine, in whose jurisdiction I have been doing some substitute teaching.

I trust that my request may meet with due consideration by the Board of Examiners. In the meantime I shall be glad to fill out the official application form, or to supply you with any further information or references which you may require.

Yours very truly,

Dear Sir:-

I have received your letter of May 27th.

Mr. C. K. Morrison came to see me at Macdonald  
College. As he has received no professional training I  
think that it would be unfair to have him compete for a  
position with those teachers who have qualified fully by  
fulfilling the conditions laid down for candidates for  
high school diplomas. I told Mr. Morrison that he should  
follow the course as outlined in order to qualify himself  
for a teaching position in this Province.

Dear Dr. Adams;

Iron Ore Committee

We expect to have some definite advice from the Engineering Societies Library, covering the bibliography which they are preparing for us, in the near future.

With this and information which the members of the Committee have doubtless been able to accumulate, we will be able to have a meeting and definitely proceed to our objective.
