Dear H.C.

I am sending you this week a description of the Ryland Library Manchester. wh. I saw this summer It would be nice if we could spend a week together there The whole place is ideal.

We have a fine exhibit of Vesal this eve at the Junior Scientific - nearly everything! I got a curious Fabrica the other day, 18th century. You will see my Harveian Oration in the Lancet & B M J this week - a hard job over It seems to have pleased the boys. Love to Pi! L.M.W. M. & Kate Tell Fatcher I have just finished reading his article for the system A.I.

Yours ever

W.O.

*And that he is now leaving for his mother's birthday - to America in four years.*
