(Letter to Dr. Cushing)  
(typewritten)

13, NORHAM GARDENS,  
OXFORD

Dec. 1st, 09.

Dear Cushing,

Your books left today in pretty good order and very good spirits. I have asked Davies and Turner to forward them direct to Baltimore by steamer. I have insured them, and the freight charges are low. I have put in a nice edition of Munroe.

The book sales have begun here. A remarkable set of Dolet's books were offered this week, but all were purchased together by Quaritch.

I shall get a fine photograph of the Christ Church Vesal, do you know whether it has ever been reproduced?

I suppose by this time Father Fitcher and family have returned, Marjorie will be a great acquisition to the Faculty.

Love to Kate and the chicks.

Sincerely yours,  
WM OSLER
