(Letter to Dr. Cushing)
(typewritten)

July 11th, 10.

From the Regius Professor of Medicine, Oxford.

Dear Cushing,

The Editorial Committee of the Quarterly Journal is very anxious to have you write a critical digest on the 'pituitary'. Would you be able to do it, and at as ~~an~~ early a date as possible? The compensation is at the high rate of L15. Please do it if you can.

I am horrified to think that I have not sent you the papers, I will have them picked out.

Sincerely yours,

WM OSLER

July 11/10
