(Letter to Dr. Cushing)  
(typewritten)

13, NORHAM GARDENS,  
OXFORD

April 19th, 1911.

Dear Harvey C.

At the VANDENCORPUT sale, May 19th, an autograph of Vesal comes to the hammer -- a certificate of ill health to the Bishop of Lomoges. Shall you bid on it? If so I will not. Or if you like I will bid, and we will toss who will keep it. I suppose Muller sent you the catalogues. Old V. C. seems to have had a great scoop net. Unfortunately his incunabula is very poor. There are a good many other things of value.

I wish you would let me know anything special that you are bidding on, so that I will not bid against you.

Love to the darlings.

Sincerely yours,

WM OSLER
