(Letter to Dr. Cushing)
(typewritten)

From the Regius Professor of Medicine, Oxford.

Dear Harvey C.,

If you have a spare copy of your Garth paper please send it to Dr. Cock, 1 Porchester House, Porchester Square, W.. Since Monday night I have been kicking myself so to speak at intervals for a D.F.. I had a catalogue from Rosenthal of his English books, and looked it over but very superficially. At the Colophon Club on Monday evening a Dr. Cock brought a sixth edition of Garth's Dispensary with Garth's ~~Dispensary with Garth's~~ manuscript notes and numerous additions and corrections, and he got it for 10/!!!!!!

It was so nice to hear such good accounts of you all from Grace. I hope you are going to take a good year 'off' before you settle in Boston. You certainly should do so, as you have had the top sails set and a pretty stiff breeze behind you for a good while.

Sincerely yours,

WM OSLER

Love to the darlings - all
