From the Regius Professor of Medicine, Oxford.

Dear Cushing,

I hear from Sudhoff definitely that there will be no German issue of the *Tabulae Sex*. Will you undertake it under the auspices of our historical section, to be issued at the end of next year on the occasion of the Wesal celebrations? Shall I find out from Hart what the whole thing would cost - say ten or twelve pages of text and the plates? We could take round the hat, but, of course, there would not be very many subscribers.

Then we have decided at our historical section to have a Wesal celebration at the end of the year, with an exhibition of his works, pictures, etc., and I was commissioned to ask you to give the principal address. You are sure to come over for the Brussel celebrations and this could be after it.

Love to Kate and the darlings,

Sincerely yours,

WM OSLER
