Dear H.C.

Just a line to ask about your movements for Mrs. Emmons - the tic friend. She may have to go over within the next few months as the attacks have recurred. Are you coming to Paris & when? Send please a *deferred* cable. Osler Oxford if you are to be in Boston thro. <sup>March</sup>

All goes well - very busy as usual.

Love to the darlings

Yours

Give me an idea when you write, about your fee. They are fairly well off - at least Hamilton E. has never done anything!
