Dear Harvey C.

Greetings & love to you all & best wishes for 1916. I wish I could look in upon you all. How the children must grow. 'Pius' will soon be at college. Heavens! how the time flies. We are all well. You have heard of our escape. Such luck. Had not Grace smelt the smoke - another hour and the room upstairs would have been ablaze & all my Mss & Incunabula lost. The Vernon plaque is only serious loss. Have you a copy of your Garth paper? my copy has gone & I need one badly in my Bibliotheca literaria. I told you what Payne said of it - I have just read it again with much interest. A.l. bit of work. Did I show you the Decumbitures & ~~Nativities~~ of F. Barnard. I do not think he can be the F. B. of St Barts - the one you refer to as Garth's Horoscope. It was Charles B. was it not who had been an apothecary. I can find nothing of the Astrolöger. Greetings to you all at the Hospital

Ever yours
