Dear Harvey

I hear you are at No. 13. It seems so near and yet so far. Do send a line saying if we may expect you ever. Hugh Young has been here to-day. He came over to operate on the Ex U.S. Minister to Russia Mr. Francis and hopes to be demobilized from England - He is at the Hyde Park Hotel, Knightsbridge. I was in town Thursday, Friday & Saturday helping at another Wright wedding Little Jean - to Sir William's great nephew Major Meredith. All was well & the bride very pretty - Phoebe Fitz gave the news of your being at No. 13 again. Tell Fitz that Phoebe was a beauty in brown & the Mother in law - Still "The best of all" according to the Regis Professor.

I am sure you are impatient to be off - & Kate nearly wild with waiting. I wish we could go with you. Come along to us soon.

Aff^{ly} Tanta Grace.
