Dear Harvey C.

I am delighted with the Galvani. I ordered the copy from Merlino on February 13th, and I have heard nothing about it. Should it come, I will of course return yours, having first extracted those interesting notes.

I see Sylvanus Thomson states that there were only 10 or 12 copies of the original reprint: I don't see that it says from what transactions it was taken. I will look it up at Bodley.

You will have had my letter about the Vésal picture - I am sure it is worth the money. Spielmann was much pleased with it.

All well here - it's beginning to look quite Springlike.

Ever yours,

W<sup>m</sup> Osler.

Love to the darlings & + old Countz when you see him.
