My Dear Dr. Cushing,

Very many thanks for
your address on the 'Western
Reserve'. I shall read it with
interest.

The 'Biography' is being
awaited very keenly here. The
reading it for the Index
was a great delight; and
during the process, as you
probably know, our own
little William arrived. He
is thriving splendidly!

We shall be sorry to

lose Miss Shepley. Her helpful-
ness and energy are wonder-
ful; and a good deal of any
credit there may be for the
Index is due to her. With
kindest regards

Sincerely Yours

R. H. Hill.
