MARYLAND

Dear Mrs. Cushing,

I certainly wish to thank you for the splendid time I had last week. You and Dr. Cushing made me feel as if I were back at Oxford before the war.

Mrs. Davison was delighted with "When We Were Young" which Dr. Cushing sent her. The drawings fascinated our youngest who celebrated his second birthday today and Billy, aged four, has already memorized two poems.

Thanking you again,

Yours sincerely,

Wilbur C. Davison

Monday, the ninth.
