

(Lady Osler to Mrs. Chapin)

[Oxford] April 13th (1916)

Dearest Sister

I must write at once to tell you not for one moment to think of coming over - We are well and Revere is safe for the present. Heaven knows what may happen - I am always anxious about the Osler men and Campbell Gwyn. The Holland Line has had no advertisement for a week. Mary King waited 4 days at Falmouth and then went to Liverpool and sailed on the St Paul.

I am so glad you are going or have gone on the trip - I hope you have fine weather & enjoy every moment - Harvey C- is such fun when off on a holiday - I wish I was along - We have just heard that the Baldwin girl who was on the Sussex - is very bad. They are at Wimereux just out of Boulogne. It seems so terrible. We had tea with them Thursday afternoon & Willie joked with the girl so merrily - and the next day by noon she was as good as dead - Mr Penfield the Rhodes Scholar who was on the Sussex - & his leg fractured, is coming to us from Dover as soon as he can move -

I am so grieved to hear about Jane Burke. Isn't it dreadful? I hope you like Revere's picture For a wonder - I do.

He looks older but no longer sad. Good night

Fondly

Grace.

Some day we will meet.

Mary Cabot lunched here yesterday. She is the most muddled person I ever saw. Is taking 2 more children to live -
