CUS417/56.34

July 18th [1916]

He was in town yesterday at No 1 Hyde Park Place [a hospital for Canadian Officers] seeing young Blackader [son of Dr. Blackader of Montreal] who is there wounded. ----- The petrol question has become very serious - we are only to be allowed 50 gals. a month - which isn't much at the rate [?] Sir William has caved about recently.
