December 21, 1923.

Dear Dr. Cushing,

Very many thanks for your kind letter from which I am so glad to know that the papers I sent you will be helpful to you. The fact that they are what you needed is all the thanks I require.

Thank you very much too for promising to become a member of the fellowship. As you will see from the enclosed copy of our By-laws and Bulletin, our annual subscription is not a "large" one! and your interest and support will be much appreciated and will greatly help in forwarding the aims and ideals of the fellowship.

Sir John Mac Alister has just gone away until after Christmas, but as soon as he returns I will be very glad to give him your message.

Yours very truly,

Margaret A. Willis.

Secretary.

Dr. Harvey Cushing,
The Peter Bent Brigham Hospital,
Boston, Mass.
