

M

To Dr. Flick from Dr. H. G. Biggs.

(No date - probably week of Apr. 2, 1904: L.F.F.)

5 West 58th St., N. Y.

My dear Dr. Flick:

You have probably heard from Dr. Jacobs in regard to the meeting of the Tuberculosis Committee in New York on April 22. It is proposed to have a meeting of the Committee in the afternoon and continued on into the evening. I have suggested to Dr. Jacobs that the meeting be held at my house and am asking the members of the Committee to dine, very informally, with me. I hope I may have the pleasure of your presence.

With kind regards, I am

Very sincerely yours,

M
H. G. Biggs.
