Dr. Lawrence F. Flick,

Dear Sir:

I enclose with this, as you will see, an account of the meeting at Baltimore on January 28th. Would you please express your willingness to serve on the committee there appointed.

It is proposed to hold a meeting of this committee on Saturday, February 27th in New York. I also enclose the memorandum which has been submitted to the committee by Dr. Daniel Lewis, President of the National Tuberculosis League. A reply from you stating whether you will be present at the meeting in New York will be very much appreciated.

Believe me

Very sincerely yours,
