To Dr. Flick from Dr. Jacobs.

11 Mt. Vernon Place, W.,
Baltimore, March 17, 1904.

My dear Dr. Flick:

I have your note of yesterday asking me to lunch with you at 11.30 on Monday March 28th to meet Dr. Maragliano and members of the Tuberculosis Committee. It will give me great pleasure to accept your kind invitation.

I am just sending out to members of the committee appointed in Baltimore and to such names as you and others have suggested, announcements that a meeting of the committee will be held at the College of Physicians at half past three on the afternoon of March 28th.

Believe me,

Very truly yours,

Henry Barton Jacobs.
