

To Dr. Flick from W. O.

1 West Franklin St., Baltimore.
Tuesday (Mar. 20th, 1904)

Dear Flick:

How awkward about Maragliano but it cannot be helped. I believe it would be better to give a brief abstract at the afternoon meeting - not long! - and distribute the English copies. I would not bother about dinner in the evening. You could not have all and t'would be invidious to have a few.

I fear nothing will come of your meeting. Your attitude would block any concerted action, tho you might be able to get them to go your way, but I doubt it.

Yours sincerely,

W^m Osler.
