THE MEDICAL MUSEUM
MCGILL UNIVERSITY

MONTREAL. June 23rd 1920.

Harvey Cushing, Esq., M.D.,
Peter Bent Brigham Hospital,
Boston, Mass.

Dear Dr. Cushing:-

Many thanks for your letter correcting the mistake in my bibliography in the reference from the Canadian Naturalist. I looked it up in the Volume, and found, of course, that you were correct, although the two articles are cited in his Collected Reprints Vol. 2, as published in 1882. Volume X of the Canadian Naturalist is from 1881 to 1883 so the mistake was excusable. You will find others, I fear, less so, for I was obliged to rush the last part of the manuscript very much in order to avoid holding up the Journal.

I am enclosing a page proof of the complete bibliography. Would you please return it when you receive your own page proof, as you will not require it then. I am indicating this on the margin. *You may come keep from need it. I am asking Dr. Shepherd if he will have the complete page proof distributed before you sail*
I am writing the Misses Kirkbride that you are sailing on the Mauretania, and I hope that it may happen to be their ship. I know you will enjoy each other. Will you please give my best love to Lady Osler, and please let me know if there is anything I can do for you.

The suggestion of a Canadian Edition of Works by or touching upon Sir William Osler during his Canadian period went forward to Dr. Martin at the Vancouver meeting of the Canadian Medical Association, with the suggestion that a Resolution be proposed authorizing the appointment of a Committee, with Dr. Shepherd in the Chair, to consider the feasibility of this suggestion, and the best means of carrying it out. I hope there may be results.

I have made enquiry about the front door of Dr. Case of Hamilton, and there is no knowledge of it in connection with either Museum or Library. I think it is probably in the Museum of the Toronto University. Will you not enquire there? He would not have been likely to send anything from Hamilton to McGill.

*Archives M.
Emp. in Dominion
(Dominion)
Publ. Museum*

I have just returned from the Dominion Archives office at Ottawa. I found a reference there to W. O's. father, as "F. L. Osler, Missionary in Tecumseh, and Grim-----(?), Ont., 1849, in the "Church in the Colonies". Also a series of letters from Dr. Bovell of which I will give you notes.

H. Cushing, Esq., M.D. - 2 -

I hope you will have a very happy and successful trip. Please accept again my sincere thanks for all the encouragement and appreciation and help you have given me in the Osler work.

With sincere regards,

Yours most sincerely,

Mauder. Abbott

Curator.
