Dear Garrison:

Thanks to the reference to Wells in whom I have always been much interested. I will write at once to the N. Y. Hist. Soc. for a copy of the Jr. I am so glad you and the other good men are to support Packard actively. A first class Jr. would be a useful addition. We are hoping to start a quarterly here, but the Press hangs fire, as naturally the expense in war time is to be considered. Our Historical Section, R. S. M. thrives. My incunabula list to 1480 is ready and I will send it soon that you may jot down S.G.L. after those you have.

Yours,

Wm. Osler.
