~~It~~ Prefatory note

Whose even balanced soul

Business could not make dull, nor passions wild;
Who saw life shortly and saw it whole.

Matthew Arnold

used GPO, as before to take Mitchell
both in ordinary note and
in particular, his journal.

Definite note

It is difficult to speak in measured terms of Oskar. In his letter to the
Times of Jan 2nd 1922 he was described by Col. J. E. Remondet as "the greatest physician
in his age". And Professor Gyp of this "scorpion" that

Certainly no one who says

Certainly one writer of letters could possibly have
had less idea that they might very be used
for a mirror. It is another case in which
of the that account for their being once in some
instances their sparkling charm. It always has
suddenly ^{disappears in mind} ~~scattered~~ them off without waste of time.
