Sir William Osler to Mr. Johnson.
13, Norham Gardens, Oxford. 12th Dec. 1912.

Dear Mr. Johnson,

All right. I think you should take the 1663 edition as a basis, as it was authorized by Sir Thomas. Have you got Greenhill's edition, published by MacMillan? That has a great deal of information about the editions. But it is the Manuscripts that I am particularly anxious to have carefully compared. Would it be any convenience to you to have my manuscript at the same time? There is no special hurry. I should probably like the work done before the spring.

Very truly yours,
Signed Wm. Osler.
