FROM THE REGIUS PROFESSOR OF MEDICINE, OXFORD.

Nov. 25th, 1915.

Dear Fisher

I quite forgot to send these Rosslin slips which could go in the volume. Scare last week - fire 3<sup>30</sup> am. burnt out the dining room. My ~~Mss~~ <sup>Mss</sup> & incunabula were in the room above it which was full of smoke. We got out most of them. No damage except to the dining room but another hour & the books would have gone. Tell the Lib. Com. to spend plenty of money in the next 3-4 years. Mss & incunabula will be plentiful & I dare say cheap. Greetings to you all.

Yours sinclly

W<sup>m</sup> Osler
