The Plantin Edition in Latin.  
Antwerp. Versalius-Valverde)

Oxford.  
Oct. 21st, 10.

Dear Cushing,

I hope you will get Magg's letter before Plantin's Vesalius,  
which is sent off today. Some of the plates are not from Vesal. e.g.  
those of the omentum and mesentary.

Love to the family.

Ever yours,
