

What's like. Recreation
 just some way to kill time.

Recreation

enjoyable if it and his ear was better better than
 that of the man who saw only two things, "Just have the
 - one was ~~just have the~~ the natural condition over the
 other wasn't."

It does not appear that he cared much for the more common forms
 of popular entertainment. He found the water was a strong and
 excellent swimmer, as the fact of his boyhood in Cussey Cussey field
 Bayreuth. He was a good golfer even in his youth but he was not
 enamored of it. ^{no more than of} ~~the fact~~ They found of flowers
 and usually wearing a carnation. ^{did not share his wife} he ~~was~~ ^{was} fond of gardening
 and ~~was~~ ^{that of his son} for fishing but enjoyed these things occasionally.
 He cared little for music, and despite Father Johnson's early efforts were
 through them. But delight in reading was his ^{and pleasure} greatest
 recreation and ^{particularly the great books} ~~books~~ of all furnish the most satisfactory
 recreation. Moreover he has attained ^{white young} the ~~which~~ ^{which}
 Vicar's life with the greatest pleasurable pleasure - pleasure in poetry.
