My dear Old Medicine Man

Many thanks for that
kind note of yours, it was not
at all polite of you refusing to
my experience on the day you do
and as of you - as for the farm
going in the the same old way - it
is always - "my head is my feet". Of
course I know I gave you a picture
but mine is missing. I promised
it might have gone down with the
blank. All the people up here
are crazy over the color & my song
