Dear Klebs,

Where the deuce is Annmenasse? Several people have asked who have read my Servetus pamphlet.

Did I ~~eye~~ thank you for your recent paper? It is A.1; the illustrations come out beautiffuly.

I had a great gift the other day from Persia of a beautiful Canon of Avicenna, 1190, and a new photograph of his tomb which needs repairing. I have sent for an estimate pæparatory to passing round the hat.

Dr. Arnold Klebs,  
Montilevet,
