• 315. ^{↓ ↓} "Reminiscences" [↓] ??? published?
if not take out notes & captioned.

318. ~~the~~ either asked, "why" or
asked to ~~know~~ why.

Beaumont's for second his

319 [↓] wrote

end sentence at editor 1/6

rest left in & left in quotes. W.O.
should be written out, unless it is
not grammatical.

320 year also, [↓]

The previous par begins
with the same words.

321. end note at laboratory

the figures are confusing & don't
look reasonable, e.g. is it worth
haggling over 9 autopsies?

Obscure

He (Forster) refers to fact that
he (Oster?) had

322 ^{by} Forster

322. // Surely all this is wrong about Molson's
affiliations to W.O. Molson was fallible
but there was no figure. Do cut it
out. If M. had not taken

From the Regius Professor of Medicine, Oxford.

322.

W.O.'s
all his pranks in good part &
write out pique or jealousy. W.O.
was not the man to have repeated
them. He & his wife (Shepherd's
sister) were and their
children were all devoted
to W.O. Do change it. It
seems unfair to W.O.'s character
as well as to Molson's.

324. apocryphal is correct

325: Corno is hardly 'up country' — on
the Ottawa 25 miles above Montreal

329. beloved for (= in spite of ?).

ransomboone doesn't look right R...brown?
burne?

From the Regius Professor of Medicine, Oxford.

292. [↓]so-called

293. pathology — and fields

295. 465), and was

297: autumn ([↓]?)

298. new Royal Infirmary ([↓]?)

Conversazione ([↓]? unusual term for R.C.P.
whose meetings ~~can~~ can scarcely be called
a feature of the season).
