Chap. XIV

MARLY KNOWE,
NORTH BERWICK.

Ames

Jan 14. 1921

Dear Cushing,

I enclose a print of photo
of beech tree : particulars on back.
Dr. Hurling had a good deal of trouble
the weather having been unpropitious.
This is the result of a 24 minutes
— exposure ! I do not think it can
be improved upon -

Yours sincerely

E. Sharpey-Schafer

Dr. Henry Cushing
