Dear Sir:-

I have your letter of the 11th instant, and note that I addressed my previous letters to Henry A. Christian, but now find that I was mistaken in the name. I regret the error.

I enclose you copy of photo of the Wadsworth Mill at Weston (back view). On the hill is my late father's residence, and the white house in the valley is the Miller's house, and the Humber River is flowing easterly towards Lake Ontario.

I trust the delay in obtaining this picture has not inconvenienced you, and hope that the picture will prove of benefit for your purposes.

I did not go to school with Sir William Osler, but was living at Weston at the time and often saw him there.

Very sincerely yours,

L. B. Wadsworth
