14th March, 1919.

13, NORHAM GARDENS,
OXFORD.

Dear Viets,

I am delighted to hear that you are on the track of St. Nicholas; do get all details possible and photographs. He will be a splendid subject for study and you could have the special section on

Dr Staticis Experimentis
translated. Look up his literature too - there should be plenty of it in Treves.

Sincerely yours,

WM. OSLER.
