Dr. Harvey Cushing,
The Peter Bent Brigham Hospital,
Boston, Mass.

Dear Doctor Cushing:

It is a great delight to meet Dr. Newton not only because of his personality but because he brings greetings from you.

I might add that I found my son reading a book, a few evenings ago, and totally oblivious to his surroundings, of which I was part. On investigation I found the title of the book was "The Life of Osler." It is a marvelous work and most intensely interesting.

With kind personal regards, I am

Yours very truly

Chevalier Jackson
