Dear Cushing:-

Many thanks for your letter about the "Fates". I certainly appreciate your having me sent a copy of the book and I shall look forward to seeing it. I am sure it is going to be great. I wish you were going with us on the Clinical Surgical trip this summer. I think that we are going to have a bully time. Sorry I did not see more of you when you were in Washington.

With our best to you all, I am

Yours always
