FRANKLIN C. McLEAN

Dear Dr. Cushing:

I feel that I must give you my personal thanks for the pleasure I have had in reading your "Life of Sir William Osler."

I hope that I am still enough of a medical student to be included in your dedication. At any rate I did not know Osler, and much of his spirit has been at least made available to me.

I had known really very little about him, and such inspiration as has now come to me from him and from his life has come through the medium you have created. For this I am very grateful.

Sincerely,

Franklin C. McLean
