Dear Shattuck,

Many thanks for your very welcome letter received this morning.

They have been reading to me O'Shea's life by Harvey Cushing - I hardly know which to admire the more - O'Shea or Cushing. It must have been a delight to see George after his long absence up the Amazon.

We are having the usual Nahant summer and I am seeing a good deal of my family. Kind regards to Mrs Shattuck from us both.

Affectionately

John.
