Dear Harvey,

it was most
kind of you to send me
a copy of your book on Asker
whom I like all the rest
admired so much. I have
been reading it slowly &
carefully, & marking & annotating
passages of which there are

a great many of special
interest. I think you are
very much to be congratulated
on having done such a fine
piece of work.

Very sincerely,

George C. Shattuck

Saturday.
