Dear Harry -

How did you ever
find time to collect
all the material -
arrange it - and
present it in such
a delightful way?

The ["]Life["] is fascinating
and we are all

drop in your debt
for giving us such
a history of the
development of medicine
during those years
and such a vivid
picture of Sir William.

Just as has been
a good summer for
you and yours.

My love to Mrs.

Harvey — and regards
to the old friends
about the school

As ever in truth
