DEPARTMENT OF PHYSICAL EDUCATION
R. TAIT MCKENZIE, M. D.
PROFESSOR AND DIRECTOR

Dear Harvey

I am reading with increasing interest your
Life of Oler. - You have done a great service to the profession
in preserving so much of the - boyant "yashy" - atmosphere
that so characterized him. and passing it on to future-
generations.

I wish you could have been at the - unveiling at the -
Hospital in Baltimore, the band of faithful brethren descended
so well by you in scattered and disappearing and but a
remnant remains. Your book will preserve the tradition

Why not run in to see us here. - We are in the Warner
Home on the road to Crockett & Agoods. & I have a student full
of work. Mrs McKenzie joins in the invitation to you both -
for a visit. Yours R Tait McKenzie
