DR. JOHN H. LYONS

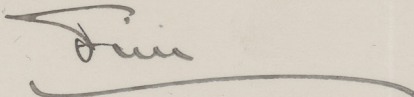

WASHINGTON, June 1, 1925.....

My dear Cushing:-

I don't know how to thank you for the book. It and the picture both arrived the same day. The picture seems fated as the glass was smashed again but did not hurt the picture and it is once more safely framed and in place. I have only had time to glance over the book but think it is perfectly wonderful and am looking forward to many pleasant hours in its company. Some day when you are in Washington I want you to put your name in it for me so the association will be complete. I am sorry you are not going to be with us on the European trip of the Clinical Surgical Society. I think we are going to have a fine time. I am taking Lidie and Jimmie with me. Lidie left for Bar Harbor today with the little girl.

With my best to you all and my thanks again for the book which I shall always value most highly, I am

Always yours

Dr. Harvey Cushing
Peter Bent Brigham Hospital
Boston, Mass.
