Dr. Harvey Cushing,  
Peter Bent Brigham Hospital,  
721 Huntington Avenue,  
Boston, Mass.

Dear Dr. Cushing:

It always happens that some of our valued subscribers are bothered by letters asking them to consider subscribing to our paper, owing to the fact that in mailing circular letters to large lists it is impossible to check against our list of subscribers.

We have received a copy of your life of Dr. Osler which is being given a full-page review in our issue of June 6th. I am sorry that we were unable on short notice to get the book reviewed by a medical man of letters, who would have certainly handled it more adequately than we have done. Please let me congratulate you personally on the great achievement of that biography. I hardly see how it was possible to do it in so busy a life as yours.

Very sincerely yours,

*Richard Danielson*
