Dr. Harvey Cushing,
Peter Bent Brigham Hospital,
Boston, Mass.
Dear Cushing:-

This probably will not mean much to you,
but I cannot resist the impulse to tell you how much I owe
you for writing the "Life of Osler."

Few men could have done it, and you have
done it so well. You have made him tell so much of his own
story which makes him still live with us.

Sincerely your friend,

Cunningham Wilson
