Dr. Harvey Cushing,
Boston, Mass.

Dear Doctor Cushing:

I am enclosing herewith a copy of the book page of the Chicago News containing a review of the Osler volumes, and also pages taken from this week's issue of The Journal of the American Medical Association. We hope that these reviews will be instrumental in sending many readers to the volumes.

It is also my sincere hope that you will prepare a somewhat smaller volume, in the nature of an interpretative life of Osler, that will no doubt have a wider circulation among the multitude. The type of book that I have in mind would run to not more than three hundred pages and would sell for \$2.00 or \$3.00.

Sincerely yours,

Morris Fishbein
