My dear Harvey.

I have always been
awfully proud of knowing
you - & now I'm bursting
with pride at knowing a
Pulitzer prize winner!
Congratulations! you
certainly deserved it -
I am sure it will be a
great joy to Lady Helen

So know that the biography
that you wrote of her husband
has been adjudged the
best biography of the
year. Now that you have
reached these empyrean
heights, please look down
occasionally & see that there
are some of us looking up
at you admiringly!

Always affectionately
Margaret Sewan Porter.
