Doctor Harvey Cushing,
The School of Medicine,
Harvard University,
Boston, Mass.

Dear Doctor Cushing:-

I have just finished reading "The Life of Sir William Osler". I feel that I am deeply indebted to you for giving me the opportunity of knowing and loving Sir William. His life has been an inspiration to me and cannot but help to make me a better doctor. I have urged my sophomore students to read this living biography before they enter clinical medicine.

I have been arranging a series of good books for medical students to read; medical biographies, medical histories, medical philosophy etc. Could you aid me by giving a few suggestions?

I thank you, Doctor Cushing,

Most sincerely,

George T. Pack.
