Dr. Harvey Cushing,
Peter Bent Brigham Hospital,
Boston, Mass.

Dear Dr. Cushing:

As you kindly consented to autograph my copy of your "Life of Sir Wm Osler," I am sending it to you under separate cover.

The book has been a great inspiration to me and cannot help but set a goal for which to strive. If my humble comments could but carry weight I should say you had made a great contribution not only to the profession but also to literature in your writing of this work.

Thanking you I am
Sincerely yours,
A M Hjort.
