OFFICE OF THE SUPERINTENDENT

Mr. Leonard L. Mackall,
Care Century Club,
#7 West 43d Street,
New York, N.Y.

Dear Sir:

Replying to your letter of the 17th instant you are advised that while the Mint Coin and Medal Collection has been removed to the National Museum at Washington, and we have not the collection to refer to, on consulting our catalogue of the collection we find only one-half, one, two, three and five German silver marks listed.

It is suggested that you might be able to obtain some very interesting information on the subject from the American Numismatic Society, New York.

Respectfully,

Freas Styer
Superintendent.
